

# VOYAGEUR™

## CANOE FLOTATION

2002 OPEN CANOE

- 1) List is an accumulation based on prior Voyageur Fit Lists and the 2001 Buyer's Guide.
- 2) n/a indicates that boat is judged unsuitable for specified (solo or tandem) use. To some degree this is a subjective decision based on boat length and width and designed intention. For example, boats over 17' in length are generally deemed unsuitable for solo use, especially if they are wide in beam.
- 3) Center bags listed with a + or ++ are large enough to use designated bag plus addition of a Mini Split Center or in rare cases 2 Mini centers (indicated by ++). Remember, mini centers can be oriented parallel or perpendicular to keel line.
- 4) Bag size is listed based on largest bag that can be used. Paddlers may opt for smaller bags to provide room for gear. It follows that if a large bag fits, a smaller one would work if you need more room for gear bags.
